Workshop: 2012NSWPC11  Location: MOUNT DRUITT/ROOTY HILL

The Positive Partnerships initiatives have been developed and delivered by Partnerships between Education and the Autism Community (PEAC) and funded by the Australian Government Department of Education, Employment and Workplace Relations through the Helping Children with Autism package.

What will you learn?
As a result of participating in the workshop as parents/carers you will gain:

- a greater understanding of the impact of autism on your child, both at school and at home
- knowledge about how to develop effective parent, school and teacher partnerships
- specific strategies on how to:
  - advocate for your child
  - support your child’s participation at school
  - develop an awareness of ongoing learning needs
- information about your local school system’s processes
- opportunities to network and share strategies with other parents/carers and key community members
- opportunities for discussion around a range of topics relevant to students with an ASD and their families

Some key community representatives that support families living with autism will be identified and invited to participate in the workshop with a view to supporting a community focus beyond the workshop.
